0 of 0 people found the following review helpful. Fun tool for a really usable personal libraryBy LauraI seem to be building a library of works like this that provide insight and a contextual reference to the thousands of quotes we use every day without ever knowing from whence they came or what they really mean.0 of 0 people found the following review helpful. Can never learn enoughBy KatrinaGood! I guess you can never learn enough about the terms0 of 0 people found the following review helpful. It has a huge catalog of words, almost all ...By peterjohn MIntoIt has a huge catalog of words, almost all the words used by shakespeare. The only problem is that if it's a ebook u cannot type in the one word your looking for and get the exact result. It will give u a word similar in spelling,then u have to skip (God knows how many pages) until u find your word. It gets frustrating overtime

In more than 300 years of Shakespearean scholarship, only one book, the famous Shakespeare Lexicon and Quotation Dictionary, has investigated the meaning of every word that Shakespeare wrote. The lifetime work of Professor Alexander Schmidt of Knigsberg, this book has long been the indispensable companion for every person seriously interested in Shakespeare, Renaissance poetry and prose of any sort, or English literature. It is really two important books in one.Schmidts set contains every single word that Shakespeare used, not simply words that have changed their meaning since the seventeenth century, but every word in all the accepted plays and the poems. Covering both quartos and folios, it carefully distinguishes between shades of meaning for each word and provides exact definitions, plus governing phrases and locations, down to the numbered line of the Cambridge edition of Shakespeare. There is no other word dictionary comparable to this work.Even more useful to the general reader, however, is the incredible wealth of exact quotations. Arranged under the words of the quotation itself (hence no need to consult confusing subject classifications) are more than 50,000 exact quotations. Each is precisely located, so that you can easily refer back to the plays or poems themselves, if you wish context.Other features helpful to the scholar are appendixes on basic grammatical observations, a glossary of provincialisms, a list of words and sentences taken from foreign languages, a list of words that form the latter part of word-combinations. This third edition features a supplement with new findings.
