2 of 2 people found the following review helpful. Excellent WorkBy A CustomerThis book was very useful. The resume examples were helpful, but the best thing I saw was the tactical tips on how to use the resume, how to network, what to say, how to use career fairs and on-campus recruiting, alumni, etc. Gave me some good ideas. In fact, I did something in networking at a job fair that they wrote about in a case study that got me a good interview.
