Veteran:

New and updated! Dr. Carol A. Pollio, an environmental professional with more than 89 total years of experience in the US Department of the Interior, US Coast Guard Reserve, and academia shares her best tips and advice on entering the environmental career field. In a 12 month format, she helps you learn how to break into the environmental field. It's all here: building your resume, gaining experience, networking...lots of tips and helpful advice for both students and career changers. It's invaluable advice in a practical and easy to read format.
