**Richard H. Beatty : 175 High-Impact Resumes** before purchasing it in order to gauge whether or not it would be worth my time, and all praised 175 High-Impact Resumes:

0 of 3 people found the following review helpful. The Reader (Previous Reviewer) Didn't Read! By Richard H. Beatty Unfortunately, the previous book review gave a bad rap to a really good book containing proven resume advice that has significantly benefited thousands of job seekers (who have gone through our company's outplacement program) in finding new and exciting job opportunities. Also, unfortunately, the previous reviewer didn't read! On page 16 of the book, it clearly states that the ideal resume FORMAT shown in Chapter 1 is "STRONGLY RECOMMENDED AS THE MODEL FOR TAILORING YOUR OWN RESUME", and that the 175 resume samples that follow were carefully chosen (FROM OVER 25,000 RESUMES) for their CONTENT (not format). Further, you need to know that the EXACT ADVICE provided in this book has been followed by thousands of outplaced employees going through our company's career transition programs (from such client companies as Procter Gamble,

DuPont, PepsiCO, Kimberly-Clark, Washington Mutual, Scott Paper, US Department of Defense, and numerous others)with enormous success. Numerous persons, to whom we have provided help, have commented that the resume format recommended by us (and contained in Chapter 1 of this book)played a significant role in helping them get job interviews as well as job offers. Employers have frequently complimented our clients about the quality and effectiveness of their resumes, and they have enthusiastically shared this information with us after returning from their job interviews..I would be willing to bet my next John Wiley royalty check that if the reader (i.e., previous reviewer) followed the recommended format and content strongly recommended in Chapter 1, that his resume played a major role in the success of his job hunting campaign.I should also mention, that as the book's author, I am one of the leading US Career Authors (12 books, 6 best sellers - nearly 1 million copies sold )and have over 30 years employment-related background including a leading Fortune 200 corporation and an international executive search firm. I have read an estimated 150,000 resumes during my career, so I hopefully have the first-hand professional experience and advice that you can count on when preparing a strong resume that will serve you well!Please read Chapter 1 of this book carefully! It will, I am sure, be of tremendous help in preparation of a highly effective resume that will serve you well in your job search!Good luck, and my best for a successful career!Richard H. BeattyAuthor, 175 High-Impact Resumes3 of 4 people found the following review helpful. create a first class resumeBy Richard HavilandI have used Richard Beatty's books on job search, resumes, cover letters and interview methods for over 10 years. In my role as a career coach and counselor I have seen, first hand, the effectiveness of his methods and the self-confidence they create for the person seeking a new job.More than once, I have had prospective employers tell my clients that the quality of the cover letter grabbed their attention, that the resume created an interest in interviewing the candidate and the interview skills face to face sold them on the person's abilities.....all using Mr. Beatty's experience reflected in his books.His techniques and formats work!!!!6 of 10 people found the following review helpful. Author did not think.By Thomas E. AlbertsThe author states that a resume without an objective is at a "great competitive disadvantage". But upon random sampling of the 175 sample resumes, only 28% have objectives. Therefore, I conclude that based on the recommendations of the author, 72% of the sample resumes are at a "great competitive disadvantage". If you want clear but expensive advice on how to build a resume, this book is OK. If you want to browse samples resumes, you really need to go somewhere else.

Turn your resume into one that commands attention and gives you an edge over the competition 175 High-Impact Resumes was designed for one purpose: to help you create a powerful resume that will get you the interview and the job.
