through the process and was surprised to see that I only have 3 chapters available online. The rest Expert Consult wants me to pay for. I thought that I would have access to the full version. Does anyone else have this problem? The actual textbook is a great reference. I enjoy the Kindle version because it is so portable. 0 of 0 people found the following review helpful. Three Stars By NatalieSearch takes a long time on phone 3 of 4 people found the following review helpful. The e book is so much better than the hardcover By AmbienShopper The e book is so much better than the hardcover. The hardcover weighs like 10 lbs and the e book fits on your iPad. Save your back get the ebook it's the same as the hardcover!!!

2014 BMA Medical Book Awards Highly Commended in Medicine category! Rely on Rosen's Emergency Medicine for the latest answers on every facet of emergency medicine practice. For decades, this medical reference book has set the standard in emergency medicine, offering unparalleled comprehensiveness, clarity, and authority - to help you put the latest and best knowledge to work for your patients in the ER. Practice confidently with easily actionable, dependable guidance on the entire breadth of emergency medicine topics. Get expert guidance on how to approach specific clinical presentations in the ER. The "Cardinal Presentations Section" provides quick and easy reference to differential diagnosis and directed testing for fever in the adult patient; dizziness and vertigo; chest pain; and over 20 other frequently seen presentations in the emergency department. Effectively apply the newest emergency medicine techniques and approaches, including evidence-based therapies for shock; high-cost imaging; evaluation and resuscitation of the trauma patient; cardiovascular emergencies; evaluation and risk stratification for transient ischemic attack (TIA) patients; and much more. Locate the answers you need quickly thanks to a user-friendly, full-color design, complete with more illustrations than ever before. Access the complete contents on the go from your laptop or mobile device at Expert Consult, fully searchable, with links to PubMed. Your purchase entitles you to access the web site until the next edition is published, or until the current edition is no longer offered for sale by Elsevier, whichever occurs first. Elsevier reserves the right to offer a suitable replacement product (such as a downloadable or CD-ROM-based electronic version) should access to the web site be discontinued.

"This is a necessary update to the prior edition. It is well written, presenting clinically useful information through both text and illustrations. Long considered one of the authoritative textbooks in emergency medicine, this edition only reinforces that reputation." -Maria Goertz, MD (Regions Hospital and Level 1 Trauma Center) Doody : 5 stars
