**Mr Peter B Denbigh : 20 Minute Resume: Finish your resume BEFORE your next coffee break!** before purchasing it in order to gage whether or not it would be worth my time, and all praised 20 Minute Resume: Finish your resume BEFORE your next coffee break!:

3 of 3 people found the following review helpful. Awesome quick reference for resume builders!By bluefireI absolutely love that this book is packed with quick references and answers questions that have long since been in debate in the world of resume writing. I have used this book to assist coworkers and friends with constructing or

improving their resumes and found the advice contained therein to be both valuable and concise. I have never seen a resume book that advises to add in a "branding statement," but that was an awesome little tidbit that added the perfect personal touch. I assisted my boss with his resume for a corporate leadership "grooming" interview and the quote he chose for his branding statement was brought up by both the executives that interviewed him - they loved it! Denbigh really directs you on how to sell yourself and your skills, and the personal touches get your resume noticed instead of tossed into the recycle bin. My only thought is let your resume take the cake - you'll make a fantastic one using the easily accessible advice in this book, but allow your cover letter to enhance, not overshadow, your resume. 0 of 0 people found the following review helpful. Good read, short and to the point By Aaron Jarrett This book is decent. After reading it I reformatted my resume. I had a chronological order resume with skills, and changed it to an accomplishment and skills resume. However, one thing I have figured out since reading this book, its not so much what you do, its how you did it, what you accomplished, and what you learned. If you can put that into a structured sentence/bullet points you should have no problems getting interviews. I disagree with the authors, at no point should you put quotes in your resume, this is what a reference page is for, but still I would allow your references speak for themselves and not quoted anywhere. With that said, I was pleased with this book and the example resumes. 3 of 3 people found the following review helpful. The most useful CV writing guide, ever By Chr Although this book won't help in writing a resume in 20 minutes, you definitely can read it in 20 minutes and it contains all the information you need before writing a GOOD CV. The writer absolutely followed his own advice of being clear, short and effective when trying to promote yourself. He did with the book, and after understanding the content you surely can yourself, too - with writing a first class resume. Not even a minute is wasted from that 20 minutes I spent with reading this. Well worth the price!

The complete RESUME CREATION SYSTEM that takes the guesswork and stress out of writing a resume. Used by colleges, universities, high schools and thousands of individual customers. It is so much more than a book - it's the fastest way to write your own, great resume. GUARANTEED. The system is built on three parts (all included): 1. The 100% money back guarantee Some teasers and examples: Resume phrases to get results - Page 27 The key to getting awesome references See template 13 most overused resume phrases to avoid - Page 28 Resume fact and fiction (1 page or 2?) - Page 5 11 key questions to answer in your resume - Page 6 1 thing your resume can't be without - Page 8 Important truths about resumes - Page 4 Alternative to a classic resume - Page 18 Questions to guide your resume development - Pages 7-9 A concise list of the most effective resume tips - Page 26 The workbook, templates, samples, and more are available to download from our website but you have to have your order number handy to get access to the downloads!

From the Author Thanks for looking at 20 Minute Resume. You have come to the right place, I assure you! This system was designed for people that are busy, need a great resume, and want the most efficient way to get that resume created. Sound like you? This is the same framework that professional resume writers use, except it's not going to cost you \$200-\$400! I highly encourage you to give it a shot. It comes with a 100% better-than-money-back guarantee. You have nothing to lose. We have hundreds of hours invested into making this system fast, easy, yet comprehensive. It combines my personal experience as a CEO with the experience of dozens of career counselors, HR managers. And yet, we were able to filter the information down so you don't have to read a 200 page book to write a 1-page document. Good job on making a great decision on this step in your career. I look forward to seeing you on the other side and helping you put your best side on paper! Sincerely, Peter Denbigh - Author From the Inside Flap SECTION 1 - GAME PLAN:
