J. Michael Farr : 200 Best Jobs for College Graduates before purchasing it in order to gage whether or not it would be worth my time, and all praised 200 Best Jobs for College Graduates:

0 of 0 people found the following review helpful. good starting pointBy father of highschoolersI initially got this from our library; then decided to buy it. It gives a brief description of job duties, education required and salary range all in a few paragraphs. It's a good "coffee table" book to have around for my high schoolers.

Lists and descriptions of 200 jobs with the best pay, fastest growth, and most openings requiring associate's degrees and higher.

"Helpful for job seekers and those planning an educational strategy to get the appropriate training for a particular job." -- American Reference Books AnnualAbout the AuthorLaurence Shakin, Ph.D., is a Senior Product Developer at JIST. He has extensive work experience in developing career information systems and is the current president of the

Association of Computer-based Systems for Career Information. Laurence is sought after by the media for his expertise on occupations and career trends, and he speaks frequently at national conferences and gives Webinars.
