Laurence Shatkin PhD : 200 Best Jobs for Introverts (Jist's Best Jobs) before purchasing it in order to gage whether or not it would be worth my time, and all praised 200 Best Jobs for Introverts (Jist's Best Jobs):

1 of 1 people found the following review helpful. Great List, Great Ideas!By Kindle CustomerA very comprehensive listing of jobs for those who don't list "LOVE working with people!" first on their list of job qualifications. The suggestions in this book include the "why" and "how" that is needed to begin a search for a new career. Well done!1 of 1 people found the following review helpful. very helpful!!!By Pen NameThis book is very detailed and describes all types of jobs from the moderate to severe introvert. By reading this manual an introvert will find that he/she has many career selections and that job opportunities aren't slim after all.1 of 2 people found the following review helpful. It was okay.By CustomerBook was okay although it didn't really provide much detail in terms of jobs...while it lists a lot it doesn't have much variety.

Introverts prefer autonomy and quiet in their work and draw their energy from within. In this useful book, the authors

help introverts--about 40 percent of the population--make the best career match for their strengths in just two steps: (1) Review best jobs lists to compare careers and to find those that suit them best. (2) Learn more about the careers of interest in detailed job descriptions.

About the Author Laurence Shatkin, Ph.D., is a Senior Product Developer at JIST. He has extensive work experience in developing career information systems and has received a Certificate of Distinction from the Association of Computer-based Systems for Career Information.
