ExcellentBy SuzanneI also have been watching this author deliver her content relative to work from home job opportunities and I am very impressed with the validity of her efforts and referral information. I not only have found a lot of great money making opportunities that I am making good money from. I have also learned "how to" information. that will allow me to become quite financially comfortable with my own endeavors. Thank you Ms. Alicia Washington.1 of 1 people found the following review helpful. A Great BookBy Jim T.This is a great book for anyone looking to work from home. Has this book helped me land that perfect at-home job? No. But that's no fault of the author, that's just how it is in this geographical area. This book contains some of the

usual suspects in the work at home field (Apple is a good example), however there's also plenty of other companies (some of them big names) that you'd never think would hire at-home workers. It is certainly worth checking out if working from home is what you're looking to do. 0 of 0 people found the following review helpful. Great Book! By lbennett711 This was a really informative ebook. I read it cover to cover in one sitting and feel that I came away with the knowledge I needed to get a job at home. Plus, I feel like I now know the names of good companies to deal with. If they are not on the list, I'll be wary of them.

This book contains legitimate listings of real work at home jobs and companies that hire people to work from home. There are over 200 companies listed that you can apply to today. Many of the jobs do not require you to have any experience. This book is ideal for anyone looking to work from home full time, part time, or for extra income. There are jobs in this book for anyone that is looking to work right from your home.
