**Laurence Shatkin, Ph.D. : 300 Best Jobs Without a Four-Year Degree, 4th Ed** before purchasing it in order to gage whether or not it would be worth my time, and all praised 300 Best Jobs Without a Four-Year Degree, 4th Ed:

1 of 1 people found the following review helpful. Very detailed informativeBy Graciela SholanderGood guide. Been reading it a little at a time. Lots of lists that help narrow down jobs. Whether you have a degree or don't have one, or you're changing careers and your degree no longer applies, this is a good resource to help you see what's out there and figure out how to break in.0 of 0 people found the following review helpful. The book was in very good condition for price i paid for itBy CustomerThe book was in very good condition for price i paid for it. Yes i will be ordering more books.A.young0 of 0 people found the following review helpful. Five StarsBy Devon G. HallGood book with usable information.

No bachelors degree? As people like Bill Gates, Rachael Ray, and Matt Drudge have shown, it is no problem. Discover the 300 jobs with the best pay, fastest growth, and most openings no four year degree required. The author

has taken massive data from the Department of Labor's Occupational Information Network database and other sources and turned it into a useful, interesting resource for workers who want good jobs and career advancement without four years in college. In just two steps, *300 Best Jobs Without a Four-Year Degree* helps you quickly and easily narrow your career options and learn more about jobs of interest.

From the Back Cover  
With this updated volume, readers discover the 300 jobs with the best pay, fastest growth, and most openings, no four-year degree required.  
About the Author  
Laurence Shatkin, Ph.D., is one of the nation's leading occupational experts and appears regularly on national news programs and in major print publications to share his expertise about trends in the world of work. He is a senior product developer at JIST Publishing, has 30 years of experience in the career information field, and is an award-winning career information systems developer. He has been a researcher and developer at Educational Testing Service, where he helped develop the SIGI Plus computer-based career information system. He oversaw the updating and enhancement of the SIGI PLUS database for more than 15 years. He has served as a board member and as president of the Association of Computer-based Systems for Career Information. Shatkin also is a member of the National Career Development Association and a frequent presenter at its conferences. Shatkin is the media's go-to source for up-to-the-minute occupational information and has appeared on CBS Evening News with Katie Couric, ABC News Now, the FOX Business Channels Money for Breakfast, CNN's American Morning, NPR's Talk of the Nation, and many more television and radio shows across the nation. He has been quoted in major print publications including the Washington Post, Wall Street Journal, Chicago Tribune, USA Today, Forbes, U.S. News World Report, Fortune, Reader's Digest, Mens Health, and Publishers Weekly just to name a few.
