By Sara I was leery about buying just because of all the scams you come across. I'm so glad I bought it. There's a lot of information you need to know if you want to work from home.

By Customer Very disappointed with this poorly made "book". Pages are paragraphs are uneven and poorly edited. Very unprofessional in both presentation and content. I was hoping for an actual book and ended up with a homemade item. At this price point I expected a real book versus the "made at home" item it is.

By Barb Spike Great Book! Alicia gave links to companies. She gave a helpful overview of what some companies are looking for, such as commitment, experience, possible equipment, and more. Very informative and well written. I recommend this book to anyone wanting to get started finding a work at home job.

A compiled list of the latest companies hiring home people to work at home right from their home office. These jobs are intended for anyone who has the desire to stay at home and earn money without having to commute to work. The companies are legitimate and include but not limited to customer service, data entry, virtual assistants, chat agents, moderators, content writers, and so many other areas. There is even a section on how you can make money on social media, some payment proofs, examples of work at home scams and how to avoid them and companies that pay at least \$10 an hour to work from home. Whether you are a stay at home mom or dad, student, teenager, retired, disabled or just prefer to use your computer to earn extra money, there is something in this book for you.
