Guns are only worth what is paid for them, as with everything.. I also like googling the models i do not know so well that I find in the book, its thin, but it gave me a couple of hours entertainment and don't mind having it in my library.2 of 2 people found the following review helpful. Three StarsBy William R. MylesNO pictures! Blue Book gives the same information. It is a pocket guide!0 of 0 people found the following review helpful. Great info but over priced!By GlockarellaExpertly written printed

presentation was very nice but for such a thin documented book way too expensive!!!
